under the guidance of the Bouthern Bour- is to be called Democracy. bens here been making targe appropr day our Democratic friends are alarmed ucts.) lest they may have entirely wiped out the Third, a continued depreciation of silver dition of affairs which confronts our guise of the Reciprocity Treaty of 1854, I

A Worthy Champion.

to do this thing, all the leading papers

ent, being solidly opposed to the election day responsible for the election of Fellows pose of the argument, part of his position, the Borid showed up the private and largely out over for a century, and time public character of Col Fellows in a most for new growth occurred. Our sprace thought so little of his country in the days ers, and their value had hardly been fixed.
of the rebellion that he left New York to The land owner was happy to get any Mame telling the people how they should who was obliged to cut for a hyelihood. vote. In this case the champion, however, as they once sought with the aid of this

Modest Claums.

that there were more Democratis than Republicans in the war In a few days it will probably assert that the Democratic party was the war party, that it was the Republican party that demounced the war as a "failure" and the soldiers as "Lincoln's hirelings," and that it was a Republican paper lostesd of a Democratic paper that was tumbled into the streets in Ban gor for rank treason. There is no telling where one of these Democratic papers will stop when it gets started. It was only a few months ago that the Democratic organs were engaged individually and collectively in reading Congressman. the Commercial is now trying to prove and collectively in reading Congressman in business she did in 1854, as our traders Randail out of the party because he as a proteotionist, but now they place their hands upon their hearts and solemnly owners even now, think that the depression in lumber consequent upon the adsuch radical protectionists that the applica- drawing and sawing lumber enough to tion of the term free trader gives them an tompensate them for the reduction in the attack of the night mare. These Demo- price of stumpage, so that they can opecrats are queer peop to when in search of

Cannot Stand Free Trade. The Lewiston Journal of Saturday published the following from Bangor -

Isshed the following from Bangor—

BANGOR, Aug. 15. Hos. George W. Isadd, of this city who was elected to Congress on the fusion tacket from this district and has voted with the Democrats of late can t swallow free trade, although he says he has a high regard for Mr. Thurman. He advocates the doing away with of all revenue taxes, and then a reduction on surar and rice.

The treaty of 1854 was not fully felt in Maine until the spring of 1854, when owing to the Errelton of 1855, when owing to the Errelton of 1855, when owing to the Errelton of 1855 was not fully felt in Maine until the spring of 1855, when owing to the Errelton of 1855 was now in the Errelton of 1

single Democrat hereabouts sutertains the Prices fell below a supporting point, and slightest intention of leaving his party be- from thence forward to our war of cause "it is engaged in the true Democratic work of trying to relieve the people of unnecessary taxallon." Phis last statemeet is the same old chesting so often and bailing lumber on the Penob-troited out by the Commercial only to be acut from 1855 to 1858. Most of own comments on the Democratic free obscothad to fail or ask an extension. The trade bill. The principal features of the land owner got his stumpage and the Mills bill so far as Maine is concerned are laborer got his scanty pay. I will assure the free lumber and free wool clauses. Of 31: Walker that those doing a lumber the former the Commercial has said that it business from 1853 to 1960 can show by was "a gratuitous injustice to our people." That statement holds true to-day and yet sion in business in England from conthe ( mimercial now says that the Demo- timental troubles drove all, or nearly all, erate are solidly in favor of an indorse- the Provincial lumber into our markets, ment of this injustice. It appears from and this will occur again when the duties the above, however, that Congressman are removed. This depression continued Ladd cannot swallow the free trade policy till our currency depreciation in 1861 or of the Democratic party and when the re- 1803 turned the tide in our favor, and the turns come in it will be found that there lumber business became moderately prosare a good many others who are of the perous.

Free Lumber Means Disaster.

Is the Editor of the Whio and Courier. i on. George Walzer, of Portland, a 1857, when the stumpage on apruce was former resident of Machine, furnishes an but from \$1 to \$1.25 per thousand. A loss article on the Reciprocity Treaty of 1854, of 20 per cent and in some cases as high published in the Eastern Argue, and copied as 30 per cent occurred. A fair lot of buto the Bangor Commercial the 14th in-

Evidently the object of Mr. Walker in in the log in 1856 Freights were as high printing this article was to make voters then as now. for the Mills bill, not to help Democracy, . [ venture to make the assection that outas it will soon be seen the real Democrats side of West Indian shipments of plue do not approve of this bill, so far as it jumber from 1854 to 1856 not one single puts lumber and wool on the free list, and lumber operation paid the operator one maintains a tax on sugar of fifty millions dollar, while in the bulk of them a loss of dollars yearly to say nothing of the occurred.

spondent of the New Yort World, from times. Again Mr. Walker says: Waterville, Maine, said: "The Milis bill The axe and fire are rapidly diminishing Waterville, Maine, and: "The Milie bill the are and the are rapidly diminishing it the comes a law, will stimulate lumber the area of timber growth. The old building the area of timber growth. The and that the laborars of Canada will be kept at home, employed in producting the imper rapidly on the increase. The and that the laborary or markets, so that our laborary in the free growth.

Rough on the Free Traders.

The shift argument used by the free growth and employment at home are find and otherwise, to our laws that their we must by the larger growth it for logs or laws. Surply, to be thus used that we must by the larger growth the fire logs or laws. It was an and an increased growth opens. All trade erators, imported and otherwise, to our laws, furnish a market and apheintence and an increased growth course. All get up a source among the people in the for Canadian inhorous at home. This is of their cutting and trimming can be gone

Second, this extended foreign trade is tion in Congress abundantly proves. While ties, including a River and Harbor bill for designed to remove all of ear gold to the New York, Panntylvania and Massachu-432,000,000, a bill which the Profittent vanits of the Bank of England, for her setts maintained about the same represenneither dared veto nor approve, permitting manufactured products, (as England takes tation, Maine in the same time has lost it to become a law by limitation, until to nothing but gold in payment for her prod- about one-half of her political influence in Congress.

crats are looking the ground over carefully times, a 12 per cent. millinium for money- in Sangor to keep him busy for three to see if they cannot recall some of the holders, ending in the foreclosure of all months, showing duriouses on all kinds of

bills in order to save this one campaign mortgages for the benefit of all wealthy lumber, which we attempted to produce, argument. A Democratic stump crater for producers. This appears to me to be and did, aufor analely, produce in our atwith out the surplus to talk about would a little too "English" to be called Democ- temps to com sele with our neighbors in be as helpless as a ship in a gate without racy.
a rudder. This is a very distressing con-

Democratic friends just of the eve of an will now refer to. It must be remembered, in discussing the "Mills bill," so called that we are not discussing the former Re-A Worthy Champion.

Among the campaign erators imported epening our markets for fish and lumber, into this State by the Democratic State we were permitted to sell our own manu-Committee is Col John R. Pellows, Dis- factures and products free of duty. We tries Attorony for New York City When this Col Fellows ran on the Democratic city of Portland largely increased its trade, ticket for his present office there was such and some of our commerce with Canada a revolt in the Democrație ranks on at was profitable, but now Canada meets us count of his record, which was thoroughly on the line with a tariff of 35 per cent. on ventilated in the Democratic New York all our machinery and other products W'mid, that an appeal was made to Re- which we can furnish them. The Mills former Cleveland to save the machine bill proposes to give Canada our markets candidate. The President was advised not for lumber without any consideration or compensation, excepting the honor of havto New York that had supported Cleveland ing R Q. Mills, of Texas, and his financial in 1864. Democratic as well as Independ- system adopted by Congress.

In my judgment the great industries of of a man so manifestly unfit for the office. Maine should not be dependant on the pobut the President turned a deaf ear to the litical croeds of cotton and augar planters. their counsel and wrote a letter that is to-When Democratic papers get to work on that our land owners did not suffer by the one of their own number they usually air Reciprocity Freaty of 1854 to any great his record very thoroughly and for weeks extent, as the pine lands of Maine had been astonishing light. Now this man, who lands had just come of value to their own serve in the Confederate ranks is here so stumpage offered by the unfortunate man It is well known that our lumber is cut

is perhaps worthy of the cause he is sent and manufactured by four different parto defend A man who turned his back then-two are protected by law from losson the Union during the war is well fitted the storapage owner and the laborer have to argue the cause of the party who would the first hen on all the logs out and get now destroy the industries of the country their pay. The operator and the man who as they once sought with the aid of this supplies the operator are the oren who same (of Fellows to destroy the govern- must bear the loss if there is a loss. This is true excepting the general suffering in lumber districts from a dult and declining market

I will give Mr. Walker the benefit of his

sion in lumber consequent upon the adthat Cleveland, Carlisle and Mills, whose mission of Canadian lumber free, will, in a policy Mr Randall could not swallow are few years, reduce the cost of cutting,

rate themselves at a profit. Audiber class consoles themselves with the belief that the Canada stumpage will advance to the amount of our duties on lumber, and thus will the price be kept up-But it will be observed that neither of these classes make any suggestions that will benefit labor or our present business

Our lumber business has never been but

moderately profitable. The treaty of 1864 was not fully felt in Maine until the spring tions from the Provinces of all kinds of Now the Commercial declares that not a lumber, a surplus began to accomulate. their books very large lusses. A depres

Let me inform Mr Walker that we never had a protection tailff on lumber, it was really no more than a revenue tariff, MR WALKER'S DEFENCE OF THE MILES and is so conceded. Lumber broke which I have opened for information give the lumber operations extending from 1854 to spruce logs sawed up and sent to New York markets, only netted \$4 per thousand

By George Manville Fond

By George Marrille Feen.
(CONTRUED.)

One man gave the other a quick hot, and as Mr Barchy tried to past they doted with hig, and in spite of his struggles fore him beck from the doe. The next proposal, though, he recovered his lost ground, and weight have staken highest free, but, the min tooking women who had entered with the two men watched her apportunity, got behind, flung her same about the young menty neck, and he was dragged heavily to the floor, where, as he lay helf strument, he may Adela gasting at him with her brown knit; and then, without a word of protest, she burried from the room.

If Barchey beared himself up, and tried for the but one of his adversaries set upon his cheef while the other bound him bursel the mile and foot, an attempt at sheating for help being meet by a pocket headherchief thrust into his month.

The of his adversaries sat upon his ched. A name batter, as Hr Barchay hay staring wildly, the rough women, whom he recalled now as one of the newants, and who had har-ned from the room, returned, helping Adda to support a pullid locking man, whose hands, from not worsh workness clocken went deathed

oith lavey soil.

Confound you' why dain't you bring down the brandy? he said harthly—"Gently girls, gently That's better I'm half crusbee — Who's that?"

Who's that?" Visitor, 'said one of Mr. Barelay's coptors sourly What's to be dens?"
Mr Barelay looked wildly from one to the
other, asking bimesif whether all this was
some dreams. Who were these men! Where
the elderly Masses Kamprass? And what
was the meaning of Adels Mimpriss being
on such terms with the injured thin, who
looked as if he had been working in some

Their eyes met once, but she turned harmaway directly, and held a glass of brandy to the injured man's tips.

That's better, he said. "I can talk now, I thought I was going to he smothered once. Well, lads, the going's up."

Why? said one of the others sharply.
Because it is. You won't catch me there again if I know it and here's private inquiry at work from over the way."

"Hold your tongue" said the first man of the party. "There, he can't help himself mor. You watch him, Bell, and if he mores, give marning." give warning "
The rough weman conted herself bands life

The rough warman central herself bands Mr.
Barriny and walched him flarrelly. The two
men crossed over to their companion, while
sticle, still looking cold and angry, with
how wantled up, draw back to stand
against the india stad laten.
The men space up a low teen, but Mr. Barclay caught a ward new end then, dram
which he gathered that, while the tean who
had no come way ham hart was for giving
my, the other two angraly declared that a
stant time would Saish at now, and that they
would go on with it at all hamsels.

"And what will you do with him?" each the

rost go on with it at all beserts. "And what will you do with him?" auditho "And what will you do with him?" and the injured men growly. Mr Barchy could not help boding sharply at Adela who just then mot bit eye, but it was with a bodi more of curicity than any-thing also and as she confined that he was gazing at hea reproperhially, she torned away and witched the three men.

"Viry well," and the one who was hopt, "I work my beared of what may follow."

"It will."

"All right."

Mr Barales turned cold as he wondered

emough now that the bosse tast beta let to be gauge of men engaged spin some naturages practice, but what is was be could not goom. Coming secured to be that most lakely thing, but from what be had beard not read, there mends in or took lake conserv.

There is conson feeling of rage filled him, and the bi-sal readed to he folly. He had been attracted by the woman, who was ovidently there ught to being with the main who spelle to her in 8 may which such a feel our main who spelle to her in 8 may which such a feel our shall be the with which who is through him, while the sider is stored. ous should ethrough him, while the plat or water he had more or twice caught a glumper, seemed to be about, union—— The thought which or turnel to him accurate to be so will that he drive at away, and lay wall-

ing for what was to come next. Be off gurb " enid the first man suddenly:

Be off girls " and the first man studiently; and without a word, the two woman parasons left the room, Adala not so much as casting a glance in the direction of the prisoner. The three men whispered together for a few minutes, and then Mr Barchy mests an effort to get up, but it was unless, for the first two sound lara between them, all bound as he wer, and directed him out of the room. us he was, and dragged him out of the room, we see get to make it is a cool coul, and out of the room, see see get to the house of the state it is a cool could be seen to the best make. The state is a cool to the best make, where they threat him is to the was collar and half dragged bim screen the state of the state of the state of the bouse on that side being exittly the tame in construction

as ones. Feet ha light, a said one of them, and this was done, when the speaker best down and dragged the handberokief from the priseder's month.

"You noundred" cried life Barolay
"Keep a civil tongue in your band, my fine-fellow," he said.
"You shall maffer (or this," retorned life. Barclay.

"Prings on. But now listen. If you like to shout, you can do so, only I tell you the

truth, no one can bear you when you're shut in here, and if you do keep on making a noise one of us may be tempted to come and

note one of us may be tempted to come and elimics you."

"What do you want—money?"

You to hold your tengue and be quiet. You behave yourself and no harm shall come to you but I ware you that if you attempt any games look out, for you've desperate men to deal with. Now, then, will you take it rootly?" it coolly?"
"Tell me first what this mesps," said Mr

Bareiny
"I shall tail you nothing. I only my thinwill you halo is easily and do what we

want?"
"I can't help myself," said He, Rereiny,
"That's spokes His a smathle had," says the
second man. "How, little hore, you've get to
stop for some days, perhaps, and you shall
have smough to see and blanksis to heap you
ways."

ways,"
"But, step here, in this empty subject?
"But's it, till we let you go. If you be-here yearself you thank beingst. If you don't behave you thank beingst in ngly much on the head to allower you. Few, than, rill yen be quiet?" "I tall yen equin that I connot help my-

Tot, you can become them." This was down, and disordly other Mr. Bar-chy and thinking in the derivate alone with a suphrame disorphic to a man enally have for execute. CHAPTER I.

The principle of the part of t

tie inppel the bull of a picket and there was that in the most innaire which showed that he was ready to use it.

There was untiling for it has be wing; and

in a few minutes the patterner shock up wit-board and in regular/vortisments deem. "Their right," asid his judier. "Wow-ones along; and I warm you, once for all, that if you break faith and attempt to fall out, you die, just another as your name's Bar-clay Drinkwahe?!"

Mr. Barclay felt as if he was stanned; and, half led, half pushed, he was stanned; and, half led, half pushed, be was shahen into what had stoo been the pantry, but was now a surfous looking place, with a briobed round well in the middle, while on one side was fined a large pair of blockmakin trough bel-lows, connected with a time pipe which weat regist down tale in well

regist down (ato the well)
"What does all this mean?" be said. "What does all this mean?" be cald.
"What mey you going to do?"
"Wait, and you'll too," was all the reply in could goe, and by shared round in sumany mans ab the heaps of tow clay that had been day one, the piles of old bricks which had ovidently bets obtained by palling down purticles walls somewhere trethe house, the lower part of which steeled, in it were, being transformed by workness. Lastly, there were of

of the little gang, secong him by the coller measuringly.

"You people have obtained putamism of , then hears coder false pretentes, and you have enable the persented. I further on knowing what it measur."

"You do—be you?" shad the measur. threating him back, and holding him with himbouldings against a pild of bricks. "Than, some for all, I till you that you've get to work threading with with us to elemen, and tand tan, or also be short up in that caller in derdamm, and buf teared tall we det you from."

"The police shall."

"Ob, you—all right. Tall the police. How are you going to do it?"

"Eastly enough. I'll call for help, and."

"Do," said the rote, taking a small re-

are you going to do it?"

"Early enough. I'll call for help, and?"

"Do," said the man, taking a small revolver from his breast. "Now, foot here,
Mr Drinkwaler; most like as don't enter such an enterprise as this without being prepared for consequences. They would be very serious for its if they were found out. Nobody saw you come in where you were not saked, and when you came to insult my friend's wife." friend's wife."
"Wife" suclaimed Mr. Bargley, for the

in tour per late."

'Not new," they said, impping their breasts. "Ho's going to work."

mr Hardley, as he used to say afterward, felt as if he was in a dream, and without another word went down the laider into the well, which was about ten feet deep, and found idmaelf faring the opening of a regular age shaped drain, whether briefled round,

made
Wey to Tom Tiddler's ground, anid the
trees who had followed him "Row, then,
take that light and this spade. I'll follow
with a bested, and yes we get to clear one
the bracks and earth that brake losse yester-

the brichs and sarry that brake losse yesterday."

If Burchey losted in at the drain like pantage, which was just high enough for a man to crawl about early, and any that at one sale a man pipe was carried, helig orbitalty formed in lengths of about four fact, joined one to the other, but for what purpose, an her configuration of the part of a drain, in which, after crawling a long may, at first dorsward, and then, with the part of a drain, in which, after crawling a long may, at first dorsward, and then, with the part groups do the control of the man who followed class baland, in sat down earth, upon which, by the description of the man who followed class baland, in sat down a strong mastling oil lame, filled the bushet pushed to him, and realists for the date than in his fill what much in the life of a miner tolling in the bowels of the earth.
